

## **NICOLAUS COPERNICUS POLISH-GERMAN RESEARCH AWARD 2024 - HOW TO SUBMIT A NOMINATION?**

**Members of the Polish and German academic communities are invited to nominate candidates. Only researchers who have at least a doctoral degree and are currently working at universities and/or research institutions in Germany and Poland are eligible to nominate candidates. Self-nominations will also be considered.**

**To be eligible, candidates must also have at least a doctoral degree, work at a public university and/or a research institution in Germany or any entity belonging to the higher education and science system in Poland, and be engaged in ongoing research projects.**

**Nominations must contain the following documents in English:**

- An appraisal (description of a clearly defined, joint academic achievement of the two candidates).
- Curricula vitae in tabular form (max. two pages).
- A list of up to ten publications based on verifiable joint research in support of the achievement.
- An additional independent letter of reference for each pair of researchers when the nomination is submitted by a third party, two independent letters of reference for self-nominations.

The jury evaluates the merit of nominations based on the academic excellence of joint achievements and the success of the cooperation, both with special relevance to the respective subject area. The jury consists of eight long-term jury members – renowned researchers from the German and Polish academic communities. In order to cover all fields of science and the humanities represented by the candidates, up to two associate jury members may additionally be appointed.

The deadline for submitting nominations is **Wednesday, 12 July 2023. Nominations must be submitted electronically using the FNP's submission portal: <https://wnioski.fnp.org.pl>**

The awardees will be announced by June 2024, and the award ceremony will take place in Germany in October 2024.
